

Full-Time Faculty

Yildirim Aktas

Associate Professor

Ph.D. Physics - University of Missouri, Columbia (1987)

Specialty: Theoretical plasma physics, Physics education, Free electron lasers

Contact Information

Office: 104 Grigg

Phone: 704.687.8130

Email: aktas@uncc.edu

Vasily Astratov

Associate Professor

Ph.D. Physics - Russian Academy of Sciences, St. Petersburg (1986)

Specialty: Novel structures & materials, Quantum optics, Optoelectronics

Contact Information

Office: 332 Grigg

Phone: 704.687.8131

Email: astratov@uncc.edu

Andriy Baumketner

Assistant Professor

Ph.D. Theoretical Physics - Institute for Condensed Matter Physics, National Academy of Sciences of Ukraine, Lviv (2000)

Specialty: Biomolecular simulations

Contact Information

Office: 106 Grigg

Phone: 704.687.8294

Email: abaumket@uncc.edu

Elisabeth Benchich

Lecturer

M.S. Astronomy - University of Texas

Specialty: Observational astronomy, Astronomy education

Contact Information

Office: 342 Grigg

Phone: 704.687.8171

Email: ebenchic@uncc.edu

Michael Corwin

Professor

Ph.D. Physics - Georgia Institute of Technology (1973)

Specialty: Observational astronomy, Variable stars, RR Lyrae, Globular clusters

Contact Information

Office: 325 Grigg

Phone: 704.687.8133

Email: mcorwin@uncc.edu

Angela Davies

Associate Professor and Graduate Coordinator

Ph.D. Physics, Cornell University (1994)

Specialty: Precision optics metrology, Interferometry, Micro-optics characterization

Contact Information

Office: 208 Grigg

Phone: 704.687.8135

Email: adavies@uncc.edu

Faramarz Farahi

Professor and Chair

Ph.D. Physics - University of Kent at Canterbury (1988)

Specialty: Photonic waveguides, Fiber optics, Optical sensors, Optoelectronics devices

Contact Information

Office: 306 Grigg

Phone: 704.687.8136

Email: ffarahi@uncc.edu

Michael Fiddy

Professor and Director, Optoelectronics Center

Ph.D. Physics, University of London (1977)

Specialty: Inverse optics, Optical Engineering

Contact Information

Office: 235 Grigg

Phone: 704.687.8594

Email: mafiddy@uncc.edu

Nathaniel Fried

Associate Professor

Ph.D. Biomedical Engineering - Northwestern University (1998)

Specialty: Laser-tissue interactions, Biomedical optics, Medical applications of high-power fiber lasers

Contact Information

Office: 344 Grigg

Phone: 704.687.8149

Research Website: <http://maxwell.uncc.edu/bmolab>

Email: nmfried@uncc.edu

Greg Gbur

Assistant Professor

Ph.D. Theoretical Physics - University of Rochester (2001)

Specialty: Classical optics, Inverse problems, Coherence theory, Singular optics

Contact Information

Office: 205 Grigg

Phone: 704.687.8137

Email: gjgbur@uncc.edu

Tsing-Hua Her

Associate Professor

Ph.D. Applied Physics - Harvard University (1998)

Specialty: Femtosecond optics, Laser-matter interaction and material processing, Guided-wave optics, Laser nanofabrication

Contact Information

Office: 272 Grigg

Phone: 704.687.8139

Email: ther@uncc.edu

Donald Jacobs

Associate Professor

Ph.D. Physics, Purdue University (1992)

Specialty: Statistical and computational physics

Contact Information

Office: 343 Grigg

Phone: 704.687.8143

Email: djacobs1@uncc.edu

Ana Jofre

Assistant Professor

Ph.D. Atomic Physics - University of Toronto (2004)

Specialty: Single molecule biophysics

Contact Information

Office: 343 Grigg

Phone: 704.687.8175

Email: ajofre@uncc.edu

Eric Johnson

Professor and Associate Director, Optoelectronics Center

Ph.D.

Specialty: Micro-photonics

Contact Information

Office: 211 Grigg

Phone: 704.687.8123

Email: egjohnso@uncc.edu

Pedram Leilabady

Lecturer

Ph.D. Physics - University of Kent at Canterbury (1988)

Specialty: Solid-state lighting, Optical fiber communications, Optical sensors & amplifiers

Contact Information

Office: 340 Grigg

Phone: 704.687.8140

Email: pleilaba@uncc.edu

Patrick Moyer

Associate Professor

Ph.D. Physics - North Carolina State University (1993)

Specialty: Single molecule microscopy and spectroscopy, Nanoscale plasmon optics

Contact Information

Office: 324 Grigg

Phone: 704.687.8148

Email: pjmoyer@uncc.edu

Yasin Raja

Professor

Ph.D.Optical Physics - University of New Mexico, Albuquerque (1988)

Specialty: Photonic devices, Optical communication networks, VCSELs, Optical amplifiers, High-power lasers

Contact Information

Office: 328 Grigg

Phone: 704.687.8156

Email: raja@uncc.edu

Aditi Sharma

Lecturer

Ph.D.

Specialty:

Contact Information

Office: 336 Grigg

Phone: 704.687.8172

Email: asharm23@uncc.edu

Oleg Smolski

Associate Professor

Ph.D. Physics - Ioffe Institute, Russian Academy of Sciences,
St. Petersburg (1986)

Specialty: Optoelectronics devices, Laser diode technology

Contact Information

Office: 225 Grigg

Phone: 704.687.8288

Email: osmolksi@uncc.edu

Thomas Suleski

Associate Professor

Ph.D. Physics - Georgia Institute of Technology (1996)

Specialty: Diffractive optics, Refractive micro-optics, Nanoreplication, Nano-modeling, Near-field diffraction

Contact Information

Office: 208 Grigg

Phone: 704.687.8159

Email: tsuleski@uncc.edu

Susan Trammell

Associate Professor and Undergraduate Coordinator

Ph.D. Astronomy - University of Texas at Austin (1994)

Specialty: Optical and near-infrared spectroscopy, imaging, and polarimetry, Planetary nebula formation and evolution

Contact Information

Office: 333 Grigg

Phone: 704.687.8164

Email: srtramme@uncc.edu

Robert Tyson

Associate Professor

Ph.D. Physics - West Virginia University (1978)

Specialty: Adaptive optics, Diffraction theory, Fourier optics, Atmospheric propagation

Contact Information

Office: 329 Grigg

Phone: 704.687.8165

Email: rtyson@uncc.edu
